MATERIALS SAFETY DATA SHEET

Identification of the Substance/Preparation

Substance or Preparation Trade Name: Parweld Cleaner Spray

Unique Reference Numbers

WR7010

Composition

Definition: Water Soluble degreasing fluid with emulsifiers and stabilizers.

Hazards Identification

Most Important Hazards: No Significant Hazard

First Aid Measures

Skin Contact: Wash off with plenty of soap and water. Remove contaminated clothing.

Eye Contact: May cause irritation to eyes. Rinse immediately with plenty of water for 15 minutes holding the eyelids open. Seek medical attention if irritation or symptoms persist.

Ingestion: DO NOT INDUCE VOMITING. Seek medical attention if irritation or symptoms persist.

Fire Fighting Measures

Extinguishing Media not applicable as substance is non flammable.

Fire Hazards None.

Protective Equipment Wear suitable respiratory equipment when necessary.

Accidental Release Measures

Personal Precautions

Ensure adequate ventilation of the working area.

Environmental Precautions

The emulsifiers meet EEC guidelines for Biodegradability. The product contains no Phosphates. As with all products, prevent leakage into Sewers, ground water and soil by use of sand or other suitably inert material. When leakage occurs, contact and notify your local Authority or Water Authority as appropriate.

Handling and Storage

Handling

No special handling measures necessary. Do not pierce pressurized container even when empty. Avoid exposing the container to direct sunlight or heat sources with a naked flame. Keep container capped until ready for use to avoid accidental release of the contents. Do not smoke whilst using the product

Storage

Keep packaging closed and away from Frost. Avoid exposing packaging to direct sunlight or heat sources. Avoid exposure to extremes of temperature between 5oC and 50oC. No special instructions necessary regarding storage with other products. Container and contents are Non-Flammable and Non-Toxic.

Exposure Controls

Engineering Measures

Ensure adequate ventilation of the working area.

Hand Protection

Chemical resistant gloves (PVC) Wash hands thoroughly after use and before handling food. Prolonged contact may lead to de-fatting of the skin. Do not smoke or eat food whilst using the product. Keep product away from food and drinks.

Eye Protection

In case of splashing, wear: Approved safety goggles.

Protective Equipment

Wear protective clothing.

Physical and Chemical Properties

Physical Form:	Liquid Spray
Appearance:	Neutral.
Odour:	Faint detergent.
Water Solubility:	Soluble in water.
Boiling Point:	98oC

Stability and Reactivity

Stable under normal conditions.

Toxicological Information

Immediate Toxicity: The product is not known to be a sensitiser.

Irritant Working: Prolonged skin contact may cause irritation.

Delayed Chronic Toxicity: No data known that the product or its substances have a bad or chronic influence on Health.

Ecological Information

Biodegradability: The product exhibits medium Biodegradability.

Mobility: The product is a liquid and emulsifies with water. Non hazardous product for surface and ground water.

Eco Toxicological Effects: None known

Further harmful ecological Information: None known.

Disposal Considerations

General Information

Dispose of in compliance with all local and national regulations. Aerosol. Do not pierce or burn, even after use. Refer to manufacturer/supplier for information on recovery/recycling.

Disposal Methods

Contact a licensed waste disposal company. For disposal within the EC, the appropriate code according to the European Waste Catalogue (EWC) should be used.

Disposal of Packaging

Do NOT reuse empty containers. Empty containers can be sent for disposal or recycling.

Transport Information

ADR/RID	UN1950 Packing group-Class2 Hazard ID-Proper Shipping Name AEROSOLS
IMDG	UN1950 Packing group-Class2 Marine pollutant. EmS
Code F-DS-U	
IATA	UN1950 Packing group-Class2 Subsidiary risk see SP63

The product is not classified as dangerous for carriage.

Regulatory Information

Risk phrases NSH - No Significant Hazard.

The product is classified as non-hazardous.

Other Information

The information supplied in this Safety Data Sheet is designed only as guidance for the safe use, storage and handling of the product. This information is correct to the best of our knowledge and belief at the date of publication however no guarantee is made to its accuracy. This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any other process.
